EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Hull on 7/8/05.

The application has been amended as follows:

IN THE SPECIFICATION:

At page 1 line 12, change "limit results" to --limiteded results--.

At page 1 line 18, change "self-align" to --self-aligneded--.

At page 4 line 17, change "of semiconductor device" to --of a semiconductor device--.

At page 5 line 22, change "using dual damascene process" to --using a dual damascene process--.

At page 7 line 26, change "a the void" to --a ~~the~~ void--.

At page 9 line 7, change "via hole 39 (see Figs. 3C-3E)" to --via hole 39 (see Figs. 3C-3B-3E)--.

At page 9 line 13, change "may be maximized the etch profile" to --may be maximized so that the etched profile--.

Art Unit: 1756

IN THE CLAIMS:

At claim 1 line 17, delete the phrase “at least” before “partially covering the via hole”.

At claim 7 lines 3-4, change “either by plasma” to --by either ~~by~~ plasma--.

Allowable Subject Matter

Claims 1-2 and 4-14 are allowed.

The following is an examiner’s statement of reasons for allowance: the prior art does not clearly teach all the specific limitations of the instant claims as currently amended and especially does not show forming a fourth interlayer insulating layer on the portion of a second etching stop layer disposed around the inlet of a via hole and an exposed portion of a third interlayer insulating layer and partially covering the via hole (claim 1), wherein ***a void is formed in the fourth interlayer insulating layer*** (claim 6). For at least this reason, claims 1 and 6 are allowable over the prior art. Claims 2 and 4-14 depend on claim 1 are therefore allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Ruggles whose telephone number is 571-272-1390. The examiner can normally be reached on Monday-Thursday and alternate Fridays.
